Executive Director of the Children's Study Home

The Children's Study Home

ABOUT US

The Children's Study Home serves children, adolescents, and families with special needs throughout the Pioneer Valley, the Berkshires and Cape Cod areas. The children we serve are often struggling to cope with behavioral, psychiatric, and cognitive issues related to the experiences they have survived. Our staff assesses their needs and develops individualized service plans that foster recovery, growth, and wellness.

WHERE WE WORK

The Children's Study Home serves children and families throughout Western Massachusetts and Cape Cod areas. Additionally, we serve children referred from Central Massachusetts as well as the Metro Boston area.

OUR PARTNERS

The Children's Study Home is proud to serve children and families in partnership with the Department of Children and Families and various public school districts. We are approved by the MA Departments of Elementary and Secondary Education (DESE), Early Education and Care (DEEC), and accredited by the Council on Accreditation (COA).

OUR HISTORY

The Children's Study Home was originally founded in April of 1865 as The Springfield Home for Friendless Women and Children. This organization was one of the first social service agencies in Massachusetts and was started by a broad group of religious leaders 'to provide a temporary home for friendless and destitute women and children; and to give them employment and instruction with the ultimate design of providing for them a more permanent situation, or of fitting them to maintain themselves.' (Agency Constitution, 1865)

Trauma Informed Culture

Testimonial: Foster Parent Firstname Lastname reflects on her experience

WHAT IS TRAUMA INFORMED CULTURE?

A trauma informed/resilience focused culture recognizes 4 important realities:

- 1. Trauma impacts everyone
- 2. Trauma changes everything
- 3. Healing is possible
- 4. Relationships heal

In a trauma informed culture, we are always asking the question, “What happened to you?” rather than “What is wrong with you?”

At the Children’s Study Home, being a Trauma Informed/Resilience Focused Culture means that we identify all challenges expressed by consumers and staff alike as coping responses to historical trauma. With this perspective, our primary goal is to avoid re-traumatization and to actively build resilience.

To this end, we approach all aspects of interventions and employment from the six domains of a Trauma Informed Culture (TIC):

- Safety
- Trustworthiness
- Choice
- Collaboration
- Empowerment
- Cultural Sensitivity

We offer trauma specific treatment and trauma sensitive guidance in all programs. Our staff is consistently trained to understand the impact of trauma and the efforts to create resilience including developmental, primary, secondary and vicarious trauma as well as self-care techniques, trauma sensitive limit setting and supportive/connecting de-escalation techniques.

The Children’s Study Home is dedicated to helping our families, employees and communities heal from trauma and build resilience. Please consider supporting this endeavor with your employment application or donation today.
